manage your holds and checkouts

You can now keep track of what you've read right in the catalogue!

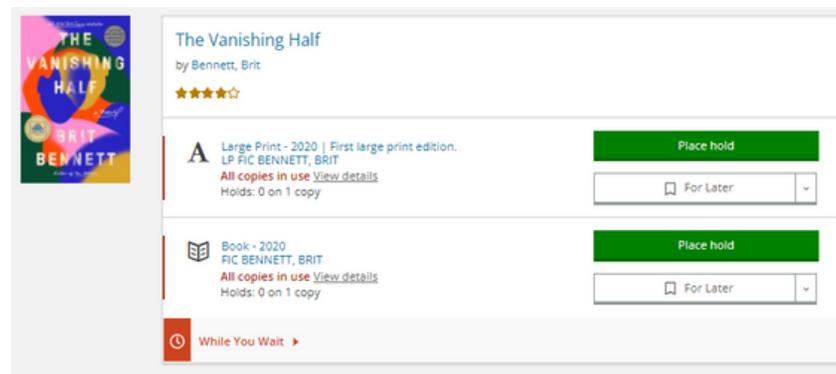

- Borrowing History, if you choose to enable it, will track the items that you have borrowed and returned to the library. This information is always kept private.

- To view your holds and checkouts, navigate to **My Library Dashboard** from the top right dropdown menu. This is your one-stop shop to manage your account.

find what you're looking for

- Searching for books and other library materials has never been easier! Simply type what you're looking for into the search bar at the top of the page. You'll notice some exciting new features as you search:
- Smart Search allows you type things like "new books" or "children's books" and automatically filter your results to show the most relevant items.
- You can manually filter your own results by using the options on the left-hand side of the screen to narrow things down. Filter by format, age, language, genre or availability.
- Results are now grouped to show all the formats of the same title in one place, so you can easily see if we have Large Print, Audio or other formats of the books you love.

- Check out our Explore and Recommended Reads tabs to see New Arrivals, Award Winners, Staff Picks, and more!
